

# SEYMOUR DAILY REPUBLICAN.

VOLUME XXIX NO. 210

SEYMOUR, INDIANA, FRIDAY, AUGUST 12, 1910.

PRICE TWO CENTS

## PURCHASES IN SEYMOUR

Lead to the Arrest of An Alleged  
Bank Swindler Yesterday  
at French Lick.

### MAN WANTED AT SCOTTSBURG

Capture Made By Detective Harry  
Webster, Employed By Bank  
Association.

Walter Neal, who is charged with being the young man who, on August 1, defrauded the Scottsburg State Bank out of \$900, was arrested at French Lick yesterday. Neal was taken to Paoli last night and today was returned to Scottsburg to answer to the charge against him.

The arrest was the result of the work of H. C. Webster, an Indianapolis detective employed by the protective department of the Indiana State Bankers' Association. The purchase of a trunk from Fetting & Company, of this city, was the clue which finally led to the capture. The purchase was made on the afternoon of the day the swindle was perpetrated, by a young man who answered the description of the swindler. The trunk, at his orders, was delivered at the Pennsylvania station, and was checked to Indianapolis over that road. The young man also purchased a suit of clothes and other articles at Riehart's clothing store, and when he paid the twenty-one dollars due for them, flashed a roll of bills that excited the wonder of Ray Milburn, who made the sale. Later, when news of the swindle and a description of the swindler came, the proprietor of the store made some investigations which resulted in his notifying the Scottsburg bankers. None of the latter responded, but Detective Webster later quietly slipped into the city and made an investigation. He secured from the Fetigs a description of the trunk, with the number, size and price marks which were marked on the bottom of it. With this information, he began the trail of Neal by watching the movements of the baggage. He found that Neal stopped at Indianapolis at the Grand Hotel. From there he went to Terre Haute and later to French Lick, where he was overhauled.

The young man, it is said, comes from an excellent and well-known family, but has been in trouble frequently.

The fraud for which the arrest was made occurred on August 1. The swindler gave his name as Thomas L. Manning and his home as Lafayette. He appeared at the bank about 2:30 in the afternoon and presented a draft for \$3,000, issued by the First National Bank of Lafayette on the Hanover National Bank of New York City. He placed the draft on deposit and stated that he wanted some money for expenses in connection with a real estate deal. He drew out \$450 in cash and then asked for a draft to be drawn up for \$450, payable to himself. He then wrote a check for \$3,000 and left it at the bank, saying it was to apply on the price of a farm he had bought and which was to be turned over when the deed was made. He declared he had been

in a real estate deal with J. W. Sherrick, of Frankfort, Ind., who owns a farm in Scott county.

Manning was introduced at the bank by G. V. Cain, a Scottsburg real estate agent, who had had some dealings with Sherrick. Manning stated that if he could buy the two farms adjoining that of Sherrick he would also purchase the Sherrick farm.

After Manning had left the bank the assistant cashier became suspicious, and when the cashier returned he told him about the deal. The latter wired the First National Bank at Lafayette and asked about the draft for \$3,000 and learned that a draft bearing the same number as the one deposited by Manning had been issued, but it only called for \$4. President J. R. Rickard of the Scottsburg bank was with the assistant cashier when he paid the money to Manning, but saw nothing irregular about the draft.

After the fraud was discovered, the police were notified, but the swindler had left Scottsburg.

### FAVORABLE PROSPECTS.

N. B. Bradenburg Has Faith in Seymour-North Vernon Traction.

Napoleon B. Bradenburg, of Columbus, has been making an effort to interest capital in the building of an electric line from this city to Seymour over the old B. & O. right-of-way, says the North Vernon Sun.

Mr. Bradenburg was in the city Wednesday and he states that things are looking favorable for the building of the road. Those whom he represents will not ask for a subsidy unless compelled to do so. All he wants is the co-operation of those living along the right-of-way, which will be over the old B. & O. bed, if it can be secured. Mr. Bradenburg believes that the road will eventually be built through the county into Decatur and on to Greensburg.

### Birthday Feast.

On arriving home yesterday afternoon, Charles Ewing, after completing his trip on Rural Route No. 1, was called to the phone and requested to come at once to the home of his daughter, Mrs. Grace Auferheide, on East Third street, where a bounteous spread was prepared, reminding him of his sixtieth birthday. He was also the recipient of some very useful presents from his immediate family. All present joined in wishing him many more prosperous and happy birthdays. He was delighted with the reception given him.

### Progressive Party.

Miss Elsie Lawell and Miss Bernice White will entertain with a progressive party this evening, in honor of Miss Martha Barringer, of Shelbyville, Ky., a guest of Miss Lawell, and Talbott Flenner, of Kansas, Ill., who is visiting Miss White. The company will be entertained from 8:30 to 9:30 at the home of Miss White, on South Walnut street, and from 9:30 until 11:30 by Miss Lawell, on South Walnut street.

### Ladies and Gentlemen.

Ring up No. 92 for your clothes to be cleaned, pressed, etc. Also for your laundry work to be done. A. Ssiarra, the tailor and haberdasher, 14 East Second street.

N. B.—Fall and winter styles are now ready for your inspection.

Ladies investigate our \$1.50 offer of any Tan Oxford in the house.

a13d ROSS.

Berdon's Barber Shop, S. Chestnut.

## ROOSEVELT WILL WRITE FOR THE REPUBLICAN.

Next Wednesday we will begin the publication of a series of editorials from the pen of Col. Theodore Roosevelt, the most popular American of our day and age. Whether killing lions, maiming trusts or writing editorials, our doughty ex-president is always a "live-wire" and a mighty interesting individual. Whatever your political views you want to know what Roosevelt thinks of the questions now at issue in this country. Watch for the Roosevelt articles in the Daily Republican. If your neighbor is not a subscriber tell him to order the paper from the carrier boy or call Phone 42 and have the paper delivered regularly. These editorials will be published in the Daily Republican on Wednesday of each week.

### PASTOR RESIGNS.

Rev. James Omelvena Will Close Work With Presbyterian Church.

Rev James Omelvena has tendered his resignation as pastor of the Presbyterian church of this city, to take effect as soon as the Presbytery shall dissolve the relation between himself and the church. The resignation was presented to a meeting of the church Wednesday evening, and was accepted, subject to the Presbytery's action. The Presbytery will meet about the middle of September, and soon after that meeting a member of that body will be sent here to formally dissolve the pastorate.

Rev. Mr. Omelvena has been pastor of the Presbyterian church for about four years. Prior to coming to Seymour, he had been pastor at Delphi, Washington and other places in the state. Recently, he received the degree of Doctor of Divinity from the College of Science of Chicago. He has made no announcement of his future plans.

### District Conference.

Mayor Swope, Thomas Honan, Ed Jennings and Ed Elsner were among those who went to North Vernon this morning to attend the Fourth District Democratic conference. State Chairman Stokes Jackson, many of the state candidates and the county candidates from the district were expected to be present. The meeting is a part of the plan of the Democratic state committee for the thorough organization of the party in Indiana.

A good many of the fellows took advantage of our offer of choice of any Tan Oxford in the house at \$2.00. Some of these sold at \$4.00. Most of them at \$2.00, none less than \$2.50. We have just 29 pairs left. If your size is here a bargain awaits you.

## WENDLING TAKEN TO LOUISVILLE

Man Taken Through Seymour Last  
Week Was Said to Have Been  
Alleged Criminal.

### REMARKABLE TRIP WITH MAN

Crowds in Kentucky City Gather  
Merely for Curiosity and No  
Violence is Attempted.

Joseph Wendling, wanted at Louisville on the charge of murdering little Alma Kellner, was safely landed in that city this morning, after a remarkable chase across part of the continent, and an almost equally remarkable return in charge of Capt. John J. Cartney, chief of the Louisville detective department. Wendling had no sooner been ushered into the chief of police's room, on the Sixth-street side of the city hall, than he took a position in one of the large windows and busied himself bowing and waving his hand to the crowd which had gathered in the street below. His everlasting smile was much in evidence.

Wendling touched Kentucky soil shortly after 3 o'clock this morning for the first time in many months. He and his captor took a train at Evansville, Ind., about 3 and shortly after crossed the Ohio into Kentucky. Handcuffed together, Captain Cartney and his man occupied the drawing room on the Evansville sleeper. The train was due at 7:15 at Louisville, but it was an hour late when it pulled into the union station.

When Wendling reached Louisville this morning he was hurried from the train to the police station, but there was no demonstration on the part of the people.

It has not yet been announced when Wendling will be presented in police court. In all probability there will be one or two continuances granted before a hearing will be given and he will likely be held to answer to the criminal court. He has already been indicted by the grand jury on a charge of murder.

The return of Wendling to Louisville marks the end of probably the longest chase in detective history. The return trip from San Francisco to Louisville stretches the real hunt of about eleven thousand miles to a total of over thirteen thousand miles.

A stranger, accompanied by three officers passed through this city on the Pennsylvania several days ago, and it was reported that the man was Wendling. It was known that he was to be returned to Louisville and that the officers were considering it advisable to return him as quietly as possible, and that they were attempting to keep their presence unknown. One of the officers while here said that the man with them was Wendling and refused to say whether he would be placed in jail at Louisville or in the Reformatory at Jeffersonville.

### JACKSON COUNTY STUDENTS

Receive Diplomas from Central Normal College.

A number of Jackson county students received their diplomas from the Central Normal College at Danville, Thursday evening, when the thirty-fourth annual commencement exercises were held. The graduation address was delivered by State Superintendent Robert J. Alecy upon the subject, "The Meaning of Education."

Those from this county who completed classical and scientific courses were: M. C. Graf, of Cortland; A. E. Howe, of Freetown; L. L. Lyde, principal of the Cortland schools last year, Ralph Denny, of Freetown, and Clifford Kern, of Spraytown. Edwin Howe, of Freetown, was also graduated from the law department. Miss Addie Allen, of Freetown, completed the teachers' course, as did Miss Myrta May Kiley, of Scottsburg, who has many friends in this city.

Judge John M. Lewis and O. O. Swails attended the commencement exercises, the former delivering the alumni address Wednesday evening.

### Annual Picnic.

The members of the Magazine Club, with their husbands and a number of invited guests, held their annual picnic Thursday at Dahlenburg's cabin, near Shieldstown. The party left here in the morning and drove to the cabin in automobiles.

The day was spent most delightfully in boating and fishing and most bountiful refreshments were served at noon and evening.

### Church Picnic.

The members of the Mt. Zion church in Jennings county, will hold a picnic Saturday at the grove south of the church. This is the first picnic which has been held by this congregation for nine years, and it is anticipated that a large crowd will attend.

Harry St. John is here from Winsboro, La., for a visit of several days with friends and relatives. He will leave this evening for Parkersburg, W. Va.

Misses Mary and Lena Bruner, of Crothersville, and Eda Miller, of North Vernon, are the guests of Mr. and Mrs. J. T. Jones for several days.

Mrs. George Gray, of Brownstown, and her guest, Mrs. Hugh Thompson, of Decatur, Ill., are visiting Mrs. Maud Downing and at Jos. Matlock's.

Miss Metta Gibbons, of Clayton, arrived this morning for a short visit with Mr. and Mrs. A. D. Eldridge and Mr. and Mrs. Ed S. Eldridge.

Mrs. June Holderman has returned to her home in Indianapolis, after a visit with her parents, Dr. and Mrs. W. M. Casey.

G. A. Barker, of Indianapolis, was here on business today. He went to Crothersville this afternoon.

### MANY WORKERS GET PLACES

Work of Free Employment Bureau for Three Months.

For three months, ending June 30, the free employment bureau in the office of the state statistician provided employment for 564 persons, according to the regular quarterly report, which has just been completed. Of this number, 471 were men, sixty were boys and thirty-three were women and girls. The total number of persons provided with employment during the nine months ending June 30, the time during which the bureau has been in operation, was 1,493, or approximately 50 per cent. of the number of persons seeking employment there.

During the quarter covered by the report, 734 men sought employment at the bureau. Thus, 64.1 per cent. of the number applying were provided with work. Five hundred and seventy-one places for men were reported to the bureau by employers, and all except one hundred were filled. Lack of a sufficient number of skilled men for the places open caused the difference.

### REPORTS ARE DELAYED.

Health Statistician Says Law Has Been Violated.

Physicians' reports of deaths that occurred in March, April and May, of this year, and of births that occurred in December, of last year, have just been received in the office of the secretary of the state board of health, in the collection of statistics for the report of the board for July. According to Charles A. Carter, head of the department of statistics in the office, the physicians are guilty of law violations in failing to make the reports earlier, but whatever action is taken against them will be left for the state board to determine. It was necessary to employ the long distance telephone and the telegraph yesterday afternoon to get some July statistics that the law required to be in the office of the board by last midnight.

The explanation offered by the physicians and health commissioners whose reports have been delayed is that they were too busy to attend to them.

### ANOTHER DOG

Finds Poisoned Meat, Which Is Distributed About City.

The dog poisoner, who has begun his work in this city again, has added three dogs to his list in the two days. The third died this morning and belonged to Robert Mann, son of Mr. and Mrs. Knowles Mann, of North Walnut street. The dog showed evidence of poisoning about fifteen minutes before his death, and although an effort was made to counteract the effect of the strychnine, the attempt was unsuccessful.

Since the poisoned meat has been found about the city, the dog had been muzzled, but this was removed for a short time this morning and it is thought that he found the poison at that time.

At the picnic at Shields yesterday, Charles Kessler caught a bass which some present were kind enough to claim was one of the big catches of the year.

Judges of the Appellate Court, Second District—Daniel W. Comstock, Richmond; Joseph M. Rabb, Williamsport; Harry B. Tuthill, Michigan City.

The wheat improvement train which will come to this city August 29 under the auspices of the experimental station of Purdue University, will, doubtless, be visited by many of the farmers of this county. The cultivation of wheat is a question of great importance to the farmers of this county, and each year is a source of large revenue. The progressive farmers are interested in knowing how the best wheat can be grown at the least cost, and the men who accompany this train will be ready to give any information which is desired. Samples of various kinds of grain will be exhibited by the men who have charge of the special.

What Theodore Roosevelt will have to say in his campaign speeches in Indiana regarding the work of Senator Beveridge will be heard with great interest. Like the popular ex-president Senator Beveridge has always made an earnest fight for measures which will be of the greatest benefit to the people, and while he has at all times taken a special interest in the people he represents he has not overlooked the important national issues which affect the public at large. By coming to Indiana in the interest of the Republican party, Roosevelt shows that he endorses the work of Senator Beveridge, which is one of the strongest recommendations that can be offered the people of this state.

The farmers of Jackson county are selling their produce at the best prices they have ever received, making the farm the most profitable investment it has ever been in the history of the country. The farmers, also, realize that their prosperity is due largely to the excellent financial conditions throughout the country, and will endeavor to keep them as they are at the present time. They are well informed as to all the important political issues and know that their welfare is bettered by the administration of the Republican party. It is an old rule of economics that the buying capacity of any nation depends upon the earning capacity. Today the laborer, merchant, mechanic, and all other classes of wage earners are receiving a larger income and have a larger amount of money to invest in the things for their pleasure and comfort.

## ANNUAL REPORT OF SUPT. PAYNE

To the State Superintendent Concerning County Schools Contains Some Interesting Figures.

### ENROLLMENT OF CHILDREN

Number of Teachers and Money Paid Them. Number of Graduates.

Other Facts.

County superintendent Payne has this week been wrestling with a mass of figures and from them has evolved his annual statistical report to the state superintendent. The report is completed with the exception of verifying some of the figures and contains many facts of interest to the people of Jackson county.

The report shows the total enrollment of the elementary schools and township high schools last year to have been 3,298; average daily attendance, 2,466; enrollment in Seymour schools, 1,200; average attendance, 922; Brownstown enrollment, 445; average attendance, 318; Crothersville enrollment, 343; average attendance, 270; total enrollment of children in the county, 5,286.

The enrollment by township in the township high schools and grades was Driftwood, 225; Grassy Fork, 202; Brownstown, 277; Washington, 75; Jackson, 150; Redding, 281; Vernon, 341; Hamilton, 407; Carr, 373; Owen, 471; Salt Creek, 496. In the schools outside of Seymour the enrollment of male children was 22 more than females. The difference in Seymour was in favor of the girls. Thirty-five colored children were enrolled in Seymour but none in the county outside of this city.

There were 131 graduates from the common schools; 10 from the township high schools; 17 from Brownstown; 9 from Crothersville; and 30 from Seymour. In the county there were enrolled 492 pupils in the private and parochial schools, giving primary or secondary instruction.

Teachers to the number of 164 were employed, 50 of the number being in the high schools. Of the \$73,407.74 paid to the 164 teachers during the year \$5,988.16 was drawn by Brownstown teachers; \$4,400.14 went to instructors in Crothersville; \$18,744. was paid out in Seymour and the balance of \$44,275.44 made up the salaries of the teachers outside the towns. The report shows 98 school outside the towns; 5 in Seymour; 1 in Crothersville and one in Brownstown.

The estimated value of school houses and equipment is shown to be \$156,418. The number of volumes in the school and public libraries is given as 7,716 and the number of volumes taken out during the year, 17,761.

### ON STRIKE.

**S. I. Car Repairers at Bedford Denied Increase in Wages.**

The car repair gang at the Southern Indiana shops at Bedford walked out on a strike Thursday because they were refused the increase in wages which they demanded. In July 2nd of this year the car repairers asked for an increase of 4c an hour or a raise from their present scale of 21c to 25c an hour. Master Mechanic Lawes agreed to put them on piece work in about a month, but this the men claim he has failed to do.

It seems that the men are divided in their opinion of what is just, some claiming 25c an hour is above the scale usually paid car repairers, and that 22½ would be nearer a just figure, although these are sticking with the gang who are asking for 25c. Some of the men say that what they really want is a sliding scale, the maximum of which would be 25c per hour. They think that some in the gang are entitled to more than others from the fact that some are older and more experienced men and worth more to the company than others who have not been at the business so long, and consequently are less experienced.

There are thirty-two men affected by the strike, and just at present are badly needed as there are a number of cars on hand that are to be repaired and are wanted right away.

The Seymour Public Service Company will begin to place the number on the electric light poles as soon as all of them have been placed in position. By this means it will be an easy matter to designate which lamp is not burning. The city police will be expected to report to the city clerk each day all the lamps which did not burn the previous night.

Miss Helen Siener, of North Vernon is the guest of Miss Louise Murphy, of North Broadway.

### DOUBT DISAPPEARS

No One in Seymour Who Has a Bad Back Can Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is kidney ache, With it comes dizzy spells, Sleepless nights, tired, dull days, Distressing urinary disorders. Cure the kidneys to cure it all. Doan's Kidney Pills bring quick relief.

Bring thorough, lasting cures. You have read Seymour proof. Read now the Seymour sequel. Renewed testimony; tested by time. Mrs. Henry Moritz, 528 W. Laurel street, Seymour, Ind., says: "I suffered intensely from lameness across the small of my back and at night I was unable to get my proper rest. The kidney secretions were unnatural and I also had headaches. Doan's Kidney Pills cured me and I am now free from kidney complaint." (Statement given in 1906.)

### TIME IS THE TEST.

Mrs. Moritz was interviewed on April 14, 1910 and she said: "During the years that have passed since Doan's Kidney Pills cured me, I have had little or no trouble from my kidneys. It is a pleasure to publicly acknowledge the benefit I have received."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Largest Apples.

The latest claimant for raising the largest apple in Jackson county this year is Daniel Empson, southwest of Vallonia. And he has the apple to make good his claim so far. He has sent to the Republican office by C. E. Abel, the grocer, two of the Fill-basket variety, the largest of which weighs only a fraction of an ounce under a pound and a half. The tree was well filled with the fruit and made a fine appearance. Our farmers are caring for their fruit better than in former years and the results are very gratifying.

### President Helps Orphans.

Hundreds of orphans have been helped by the President of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used Electric Bitters in this Institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates all vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up pale, thin, weak children or rundown people in has no equal. Best for female complaints. Only 50c. at Andrews-Schwenk Drug Co.

### LABOR DAY PICNIC.

**Knights of Columbus of Seymour and Columbus Plan Event.**

The Seymour and Columbus councils of the Knights of Columbus have made arrangements for a big picnic on Labor Day. Committees have been appointed by the two lodges to make the preparations for the event, which it is expected will be largely attended. Definite plans will be completed soon by the joint committee. The picnic will probably be held near this city.

### Saved From Awful Peril.

"I never felt so near my grave," writes Lewis Chamlin, of Manchester Ohio, R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of croup. Infalible for Coughs and Colds, it's the most certain remedy for La-Grippe, Asthma, desperate lung trouble and all bronchial affections, 50c and \$1.00. A trial bottle free. Guaranteed by Andrews-Schwenk Drug Co.

### New Manager.

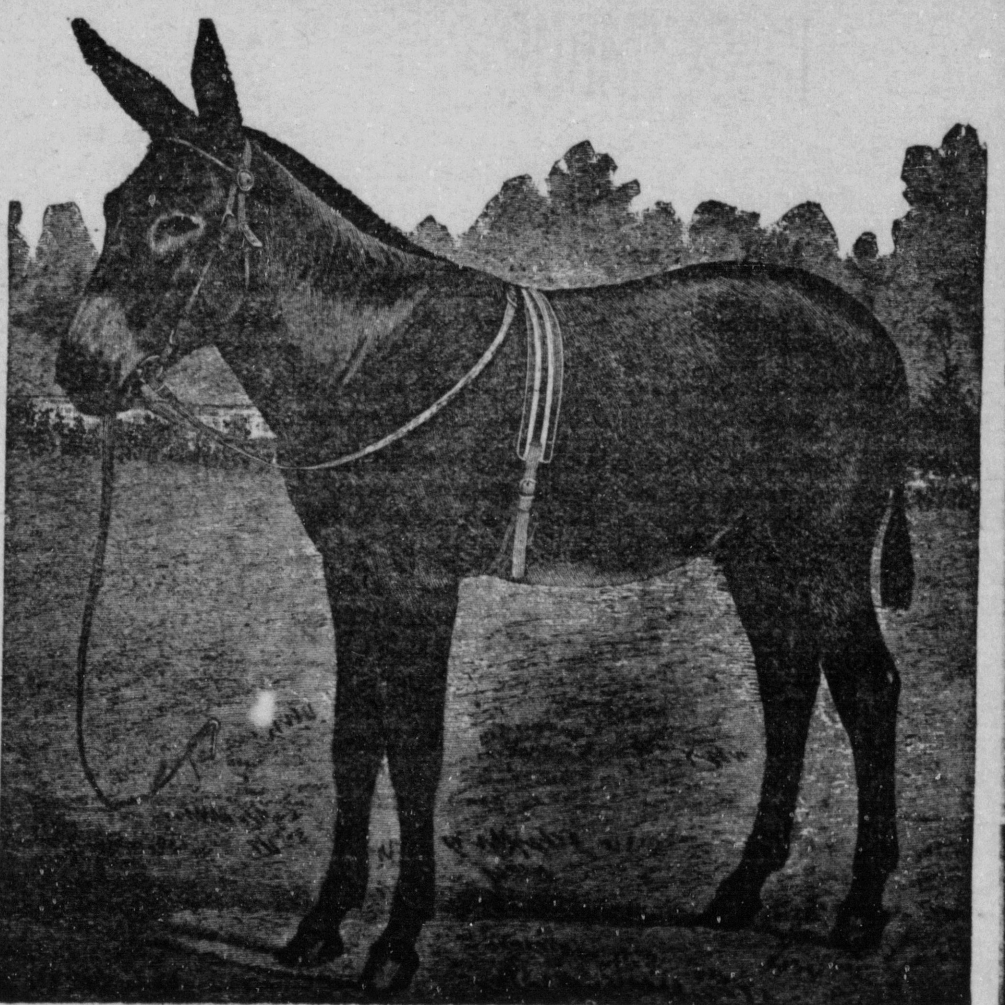

Henry Mundt, of Columbus, owner of the Sparta confectionery, was in Seymour Thursday evening arranging for a change in the management of the place. Alexander Malarazos, an experienced man from the east has been placed in charge and will at once begin the work of putting in new stock and transforming the place into a thoroughly up-to-date establishment.

### Took All His Money.

Often all a man earns goes to doctors or for medicines, to cure a Stomach, Liver or Kidney trouble that Dr. King's New Life Pills would quickly cure at slight expense. Best for Dyspepsia, Indigestion, Biliousness, Constipation, Jaundice, Malaria and Debility. 25c at Andrews-Schwenk Drug Co.

C. J. Roach, of Indianapolis, was here on business Thursday afternoon.

Albert Spall, of Vernon township, transacted business in Seymour today.

J. W. Harrod was here from Vernon township this morning on a short business trip.

James Cadem, jr., of Louisville, is spending several days with his parents in this city.

Mrs. Alex Love, who has been in a hospital at Louisville for about a week has returned home.

### LETTER FROM ILLINOIS.

Prospects for Large Crops are Most Encouraging.

To the Seymour Republican:

Thinking perhaps a letter from this part of the world might interest a few of the readers of your paper, I will endeavor to give a short account of my trip out to Illinois and what I have seen since my arrival. I left home July 22, arriving at my destination at 10 o'clock p. m.

On the higher lands along the way where the rivers did not interfere, crops looked well, except where the wet weather hindered the final cultivation, but in all the low lands the rivers had worked more or less havoc to corn, wheat and oats. After leaving Indianapolis the evidence of the wet weather began to diminish and after crossing the state line into Illinois the dry effect began to show itself, corn in many places beginning to roll up. While we were having too much rain at home farmers here were praying for rain, but in a few days after my arrival there were two fine rains and the fear of drouth was relieved. Farmers are all saying there has not been such a prospect for corn in many years at this time in the season as at the present time.

There is not much wheat sowed around here but what there is good, both in quality and quantity. It is making from 25 to 45 bushels per acre. Oats are of good quality and making from 35 to 75 bushels per acre. Corn sells in Peoria markets for about 60 cents per bushel; wheat for \$1.05 and oats for 36c to 37½c per bushel. There was not a large acreage of timothy grown here but the crop was fine. Clover is the staple crop for forage here and the crop was extra good with a fine prospect for a second crop for seed. The "Hoppers" were hurting it pretty badly till the rain came but it is looking fine now. Blue grass is a spontaneous growth and makes the principal pasturage. Potatoes are not a very full crop owing to the dry spell striking when they needed rain. Fruit of all kinds is a total failure. Imported peaches of a very ordinary quality are selling for \$3.75 per bushel and plums for 50c per basket, holding about three quarts and no apples on the market.

There are a great many of the Indiana boys out here at work and are well pleased with the country. Work is plentiful and wages good and when a young man once gets out here and gets acquainted he seldom goes back to stay.

Yours,  
An Old Correspondent.  
Bloomington, Ill.

#### Saving.

The true basis of economics is that laid down by Mr. Micawber. If you spend sixpence a year more than your income, you are miserable; if sixpence less, the result is happiness. This is entirely too simple for most persons. They run into debt gleefully and have a hard time getting out. If there were a modern Ben Franklin who could wield the proportionate influence that the sage did in his own day, he would be the greatest of Americans. Spend less than you earn and buy nothing because it is cheap.—Exchange.

#### The Sailors' Line.

"Pop, what is the line the sailors talk about?"  
"It is a certain degree which the ships cross in their voyages."  
"Oh! I always thought the line was where they hung the wash of the sea."  
—Baltimore American.

#### THE TURNING POINT.

In all lives, the highest and humblest, there is a crisis in the formation of character and in the vent of disposition. It comes from many sources and from some which on the surface are apparently trivial. It may be a book, a speech, a sermon, a great misfortune or a burst of prosperity. But the result is the same—a sudden revelation to ourselves of our secret purpose and a recognition of our perhaps long shadowed but now masterful convictions.

# Our Loom End Sale

## Will be a Thing of the Past By Next Saturday Night

Beginning next Monday, extra special inducements will be offered to continue during the entire month of August only to maintain our established custom of not carrying merchandise from one season to the next one.

No music, no flowers, no premiums given away. Nothing but dependable merchandise to be sold regardless of cost to make room for our large stock of fall and winter goods, which is arriving daily.

Every department is included in this sacrificing price sale.

## The Gold Mine Department Store

### CHARGE EMBEZZLEMENT.

Affidavit Is Sworn Out Against Bruce Reed.

The Indianapolis News of Friday has the following article:

Bruce Reed, 912 South Meridian street, was arrested last night by detectives Stewart and Brady, charged with embezzlement. He is accused in an affidavit filed against him by Rose L. Rothkopf, of Cincinnati, of embezzling \$38 belonging to the Rothkopf Tobacco Company, of Cincinnati. The money is said to have been collected by him while he was a salesman in their employ, and was kept for his own use. Reed is held under \$1,000 bond. Judge Collins continued the case against Reed.

Republican Want Ads Pay.

### Automobile Party.

An automobile party composed of A. C. Smith, W. W. Cave, W. J. McCoy, of French Lick, and Perry McCarty, of Paoli, were here Thursday afternoon and returned home in the evening.

Grant Fitch, deputy organizer for the Modern Woodmen, will organize a new camp at Waymansville Saturday night, with fifteen charter members. The number of the camp will be 7,207. The total membership of the order is now 1,166,369.

Eight workmen who were employed on the court house at Brownstown have been laid off on account of the delay in the arrival of some of the building materials. A number of the men found employment at the power house which is being erected.

# TWO HIGH GRADE PIANOS GIVEN AWAY FREE

## Going Out Of Business

What lady would like to have this beautiful \$350 high grade piano?

Some one will win, why not you?

It will be an honor to be a candidate in the contest and the prize to be contested for is worth while. You will want to be on the ground floor so call at our store Saturday and get particulars.

**Music All Day Saturday**

We are compelled to retire from the dry goods our entire attention. Preparations are now being made for the most sensational sale that the buying public has ever known in Seymour.

**Sale Begins Saturday**

**Necessity Knows No Law--We Are Under Contract** and are compelled to reduce our stock regardless of cost.

Our store is now closed and our entire force is busy marking down goods and getting ready for this great GOING OUT OF BUSINESS SALE. Our store has been sold to John E. Beach, of Evart, Michigan, who will take charge as soon as we have reduced our stock \$10,000. As this must be done quickly we have made such terrific sacrifices in every department that not a living person within 50 miles of this great sale can afford to stay away.

Our new fall goods, which we have been receiving for the past few days will be included in this sale.

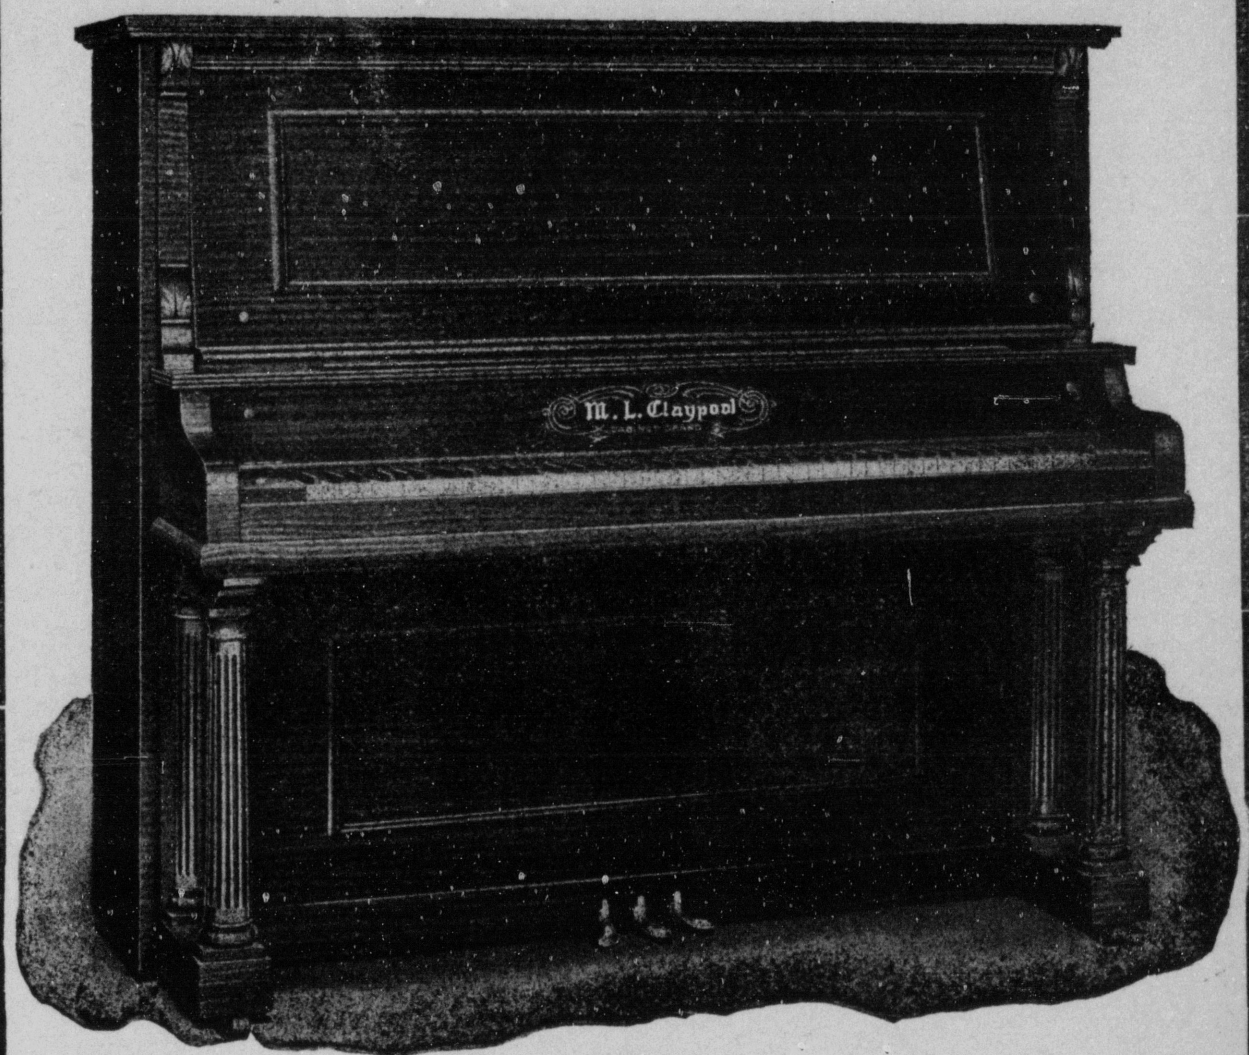

business on account of our other business demanding attention for the greatest bargain event, which will be never known in Seymour.

**Aug. 13, 1910 at 8 A. M.**

**FREE--Given Away Two Fine High Grade Pianos--FREE**

To assure absolute success to this great undertaking and to encourage rapid buying we are going to give away during this sale two fine high grade pianos—one to the most popular lady in this community and the other one to the lodge, church, school or any organization receiving the largest number of votes during this contest. The voting will be done by customers who purchase goods during this sale. Fifty votes will be given with every fifty cent purchase and fifty votes for every multiple of fifty cents worth of goods purchased. No fractional amounts under fifty cents will be counted for votes. Customers may cast their votes for any individual contestant or for any organization contesting for these grand prizes.

These pianos are now on exhibition at our store.

This strictly high grade piano is made and fully warranted 10 years by the King Piano Co. of Chicago, and is sold for \$350.

Will be given to the Lodge, Church, School or organization receiving the largest number of votes during this contest. Call at our store Saturday for further particulars.

**Music All Day Saturday**

## BLOODED COWS WILL COMPETE

Exposition Gives Prizes for Milk Production.

### MODEL DAIRY ON GROUNDS

Milking by Electricity, Pasteurizing, Sterilizing and Separating Processes to Be Shown in Full Detail at Ohio Valley Exposition. Six Different Bovine Breeds Will Furnish Records of Great Value to Farmers and Dairymen.

Cincinnati, O.—(Special.)—Active milk-producing competition between cows of six of the best and most favorably known breeds of cattle in the world will be an interesting feature of the dairy exhibit of the Ohio Valley Exposition, to be held at Cincinnati from August 29 to September 24. Some time ago plans were perfected for the installation of a model dairy in which the milking of cows and the various processes of handling milk were to be shown under the latest and most sanitary methods. This plan included milking by electricity, pasteurizing, sterilizing and separating under most approved conditions, and the making of butter, cheese, ice cream, etc., all in full view of visitors to this department. To this arrangement now has been added a system for making records of the productive qualities of various breeds of cows. It is proposed to place in this model dairy two each of six well-known breeds of cows, Jerseys, Guernseys, Ayrshires, Durhams, Holsteins and Alderneys being included in the list. Only registered cows will go into the exhibit, thus assuring the best possible results for each breed. Careful records will be taken daily of the quantity of milk secured from each cow, together with the amount of cream produced, as well as statistics showing the amount and quality of the various by-products. These records will be posted daily on the stall of each cow, with weekly records for individual

contiguous to the Southern California metropolis. Many of these fruits will be similar to those shown by the Florida growers, none of whom, however, fear the comparison, as Florida fruits long have had a high standing in the Ohio Valley market and are in no fear of being crowded out. One of the most interesting displays to be made by both sections will be that of grape fruit. Twenty years ago these mammoth globes of luscious citrus pulp were unknown to epicures. Today no breakfast table is complete without them, and the demand annually is much greater than the supply. It is estimated that 2,000,000 boxes of grape fruit, averaging about 50 pieces to the box and selling at an average of \$2.03 per box, are consumed annually in the United States. Of this amount a large percentage comes from Florida, with California also producing an appreciable quantity, while Central America and the islands in the Gulf of Mexico and the Caribbean sea supply the rest of the demand. It is expected that the general fruit display at the Exposition will be the most complete exhibit of this kind ever gathered together, with the South showing a greater variety than any other section of the country.

## RAILROADS TO MAKE EXPOSITION RATES

Public Can Journey to Cincinnati on Low Fare Tickets.

Cincinnati, O.—(Special.)—For the first time since the various state legislatures took a hand in the matter of fixing railroad rates, the various companies operating in the Central and Southeastern Passenger association territories are offering liberal reductions from the regular rates in fixing the scale for round trips to the Ohio Valley Exposition, which is to be held in Cincinnati from Aug. 29 to Sept. 24. Realizing the great industrial and commercial benefits involved in this project, the railroads have established a series of tariffs that are certain to add to the general attractiveness of this gigantic enterprise, which bids fair to be the most

## BOTH STRUGGLE FOR SUPREMACY

United Mine Workers Divided Into Two Camps.

### THE ISSUE: LEWIS VS. WALKER

Illinois Miners Agree to Stand by the Position Taken at the Peoria Convention in Opposition to the Lewis Compromise, and This Attitude Has Promises of Support From Other Sections—Both Sides Active.

Indianapolis, Aug. 12.—The special national convention of the United Mine Workers of America opened with many offerings of peace by the delegates, but with apparent determination of the factions following John Walker of Illinois and those following President Lewis to fight out their differences at any cost. About 1,100 delegates are present. At a meeting of the Illinois delegates a resolution was adopted which bound the delegation to stand by the demands made at the Peoria convention, "first, last and always."

Walker denounced the compromise proposition which was submitted to the Illinois miners by the international executive board and President Lewis. He said the Illinois miners knew their position was right and that they proposed to maintain it. He said he did not fear a fight on the floor of the convention.

The Peoria convention was held after the special convention of miners at Cincinnati last March. The Cincinnati convention formulated demands which were to form the basis of all wage agreements made between the miners and the operators throughout the country. Among other things, they demanded an increase of 5 cents a ton in the mining rate, with proportionate increases for day labor and dead work about the mines. Some of the districts have made new agreements on this basis, but Illinois has not signed because of local troubles. The Cincinnati convention decided that local differences should be referred to the districts themselves for settlement. In Illinois there was a question whether the miners or the operators should pay the wages of the shot firers in the mines.

No agreement was reached on this question, and a strike of the 72,000 union men in Illinois resulted. Nearly 50,000 of these men are still out. Recently the international executive board, after a conference with operators and miners from Illinois, submitted to the miners of that state a compromise proposition for a settlement, which was not exactly like the demands made at the Peoria convention. This proposition was submitted to a referendum vote in Illinois, and it is understood that it was rejected by a practically unanimous vote. National President Thomas L. Lewis and the executive board advised its acceptance. John H. Walker, president of the Illinois miners, and other state officials, opposed its acceptance.

One of the main questions now before the national convention is whether the executive board of the Illinois miners themselves shall have final authority in the settlement of this difference. Intense feeling has been stirred up, and the factions are keyed up for a struggle in the convention. The Lewis followers are numerous among the delegates, and so are the Walker people, and each side is apparently confident that it will win in the final struggle. Walker says he will fight to the end for the Peoria demands. In this position he has the solid backing of the Illinois delegation and promises of support from other sections.

### MAY END IN DEATH

One of Andrew Wagner's Victims Not Expected to Recover.

Greensburg, Ind., Aug. 12.—No trace of Andrew Wagner, who shot his sweetheart, Rose Wagner, of Osgood, and probably fatally wounded her companion, Skinner Turner, near Napoleon, has yet been found. Wagner's act was prompted by jealousy. He had been keeping company with Miss Wagner and it was believed they were engaged. Turner recently came home from Minnesota, and since his return has frequently called on Miss Wagner. When Wagner learned that the two had gone buggy riding, he started in pursuit on foot.

He met the couple about a mile south of Napoleon, rushed from the roadside, stopped the horse and immediately opened fire. The first bullet struck Turner in the breast, passed through the lung and lodged under the skin at the back. The second shot struck the girl in the left groin. The third bullet went wild. Turner and the girl jumped to the ground and begged Wagner to desist, but he continued the attack, clubbing the girl on the head with the butt of the weapon.

Although of the same name, Wagner and the girl are not related. Wagner's victims are lying at the Wagner hotel at Osgood, Turner and the girl driving five miles to that town, despite their wounds. Word from Osgood gives little hope for the recovery of Turner.

Walter Brookins, the young aviator who took a tumble at Asbury Park Wednesday was not seriously hurt.

CHARLES J. HUGHES, JR.

Colorado Senator Who Will Help Probe Blind Man's Assertions.

## PERJURY CHARGED BY FEDERAL GRAND JURY

One of Armour & Co.'s Men Indicted at Chicago.

Chicago, Aug. 12.—Thomas G. Lee, manager of the dressed beef sales department of Armour & Co., has been indicted for perjury by the federal grand jury, and a warrant issued for his arrest. The grand jury sent a report to Judge Landis in which it was charged that stenographers' notebooks of Armour & Co., containing information which the jury wanted had been destroyed.

Judge Landis issued an order commanding A. R. Urion, chief counsel for the packing company and president of the board of education, George M. Willets, assistant office manager, and W. W. Shaw and W. A. Helander, employees of the concern, to appear before him Monday morning and answer the charge. Mr. Lee is charged with perjury in his testimony before the jury on July 28. He is charged with making false statements regarding weekly meetings of representatives of the packing corporations, at which the grand jury declares, prices were fixed and agreements were made regarding the amount of fresh meat each company was to ship in interstate commerce.

Notebooks containing a record of letters dictated by packing officials were destroyed, according to the grand jury report to the judge, after three stenographers, employed by Armour & Co., had testified before the inquisitorial body.

### Two Boys and a Gun.

Muncie, Ind., Aug. 12.—A bullet from a "didn't-know-it-was-loaded" rifle in the hands of Morris Phillips, aged twelve, struck his brother Clarence, aged ten, in the neck. The boy will recover.

## UREY WOODSON TALKS IT OVER

Kentucky Editor On the Political Situation.

### THE LOCAL LAY OF THE LAND

Democratic National Committeeman From the Blue Grass State Happens Into New York and While There Gives Out Some Political Observations Which May Interest Followers of the Game Out This Way.

New York, Aug. 12.—Editor Urey Woodson, who runs the Owensboro Messenger and the Paducah News Democrat, and is the member for Kentucky of the Democratic national committee, dropped into town, and said it was just a coincidence that he happened upon Roger Sullivan, member for Illinois of that body, who came to New York to meet his wife, who is on her way here from Europe.

"There is not much doing in politics in Kentucky this year," said Mr. Woodson. "There are only the congressional elections, for the governor and legislature and county officers hold over until next year. As for the congressional districts, there are only two in Kentucky that are at all debatable which the Republicans now hold, the Ninth and Tenth. We are sure of carrying the former, and it is quite possible that we shall get the Tenth."

"Insurgency is insurging in Kentucky just as well as in some of the northern and western states. In the greater part of the south the insurgent movement in the Republican party does not amount to much, because the party being small and powerless, has to hang together in order to get what spoils may be coming from the national distribution, but the insurgent movement is just as strong relatively among the Kentucky Republicans as it is anywhere in the north. The tariff is answering for its own sins and some others."

"Governor Willson? Oh, he is getting on about as poorly as could be. He is as vacillating and weak as ever. You see the whole trouble in Kentucky is that while in power the Democrats got so bad the people turned them out and the Republicans have been in two years. They have proved so much worse that the people are in a hurry to turn them out and get back some good men."

"No, we are not talking much about our own politics in Kentucky just now. We are talking about other people's politics."

"It is a peculiar thing that while you have been complaining of a drouth here, the section of Kentucky where I live, which is on the Ohio river, has been almost drowned out by rains. The damage to crops in western Kentucky is general, tobacco, corn and wheat suffering, principally the first. But the farmers out there can much better afford to meet such a catastrophe than they could a few years back. Out there during the last few years they have been clearing \$100 an acre on their tobacco lands, and mind you, this is clear of everything, including taxes and the wear and tear on implements. All the farmers in Kentucky have money in the bank, and it is a rare thing to hear of one of them borrowing."

### TERSE TELEGRAMS

Census figures give Kansas City's population at 248,381.

Eight striking Italian track workers are under arrest at Schenectady, N. Y., on charges of train wrecking.

The will of the late John G. Carlisle leaves an estate estimated to be worth \$90,000 to his three grandchildren.

Mrs. J. Ellen Foster, widely known for her activity in law, politics and philanthropic work, is dead at Washington.

The International Typographical Union in convention at Minneapolis, decided to hold the 1911 convention at San Francisco.

Henri Werleemann, an oil broker and Brooklyn society man with a large family, committed suicide on account of bad investments.

A battalion of the Fourteenth infantry has been ordered to Missoula, Mont., to aid in checking the forest fires raging in that section.

Warren G. Harding, Republican candidate for governor of Ohio, will confer with President Taft on Sunday over the situation in the Buckeye state.

Senator Aldrich formally denies the charges advanced against him by Senator Bristow in recent campaign speeches dealing with the tariff on rubber.

The officers of the British Seamen and Firemen's union have issued a circular to the members of the organization urging that a strike be called in a fortnight.

The Texas legislature has passed a daylight saloon bill which provides that all saloons shall close at 6 o'clock in the evening and remain closed until 6 o'clock next morning.

Miss Lillie Kuntz of Louisville accidentally dislodged her false teeth. They became lodged in her windpipe and she struggled to death before help could be summoned.

## WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's

Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

### Fist Blow May Cause Death.

Washington, Ind., Aug. 12.—A single blow with the fist upon the back of the head of James Buckley, a well-to-do farmer of Veale township, likely will result in his death. Buckley lies in a critical condition, and Charles Hudson, aged nineteen, his assailant, is in jail in default of bail on a charge of assault and battery with intent to kill. Hudson struck Buckley after being informed by his sister that Buckley had insulted her.

### Workman's Fearful Plight.

Anderson, Ind., Aug. 12.—By a red-hot rod coiling about him at the rod mill, Matata Ianos, a Roumanian, had one leg burned off at the knee and the other will probably have to be amputated if the man survives. He was employed in the pit where men with hooks grapple the iron rods when they come from the rollers, and one of the rods, slipping from a hook, wrapped about the man.

### Panic at Winona.

Warsaw, Ind., Aug. 12.—Miss Nina Darling of Hopkinsville, Ky., and Mrs. George Teal of Warsaw, were dangerously injured, a hundred persons were badly shaken and 5,000 others were thrown into commotion last night when the outdoor seating arrangement for the production of an opera at Winona Lake collapsed.

### Killed Three and Himself.

Chicago, Aug. 12.—W. G. Myers, whose wife left him a year ago, burst into the apartment where she was living with her parents, and, drawing a revolver, shot and killed her, her father and her six-year-old daughter. Then he fired the final shot in the revolver into his own head and fell dead.

## Hay's Hair Health

Never Falls to Restore Gray Hair to its Natural Color and Beauty.

### FIRST AMERICAN LOCOMOTIVE

Cooper's Tom Thumb, pictured above (1830), and the DeWitt Clinton (1831), were the first successful steam locomotives ever operated. Both will be shown at the Ohio Valley Exposition, Cincinnati, Aug. 29, to Sept. 24.

cows and for the breeds. In this way the interested public may see exactly what each cow is doing, while experts will find in these figures much valuable information. At the close of the Exposition a complete record of the products secured from each breed of cows will be made public, thus affording a table of comparisons that should prove valuable to those directly interested. Naturally, none of the breeds will have any advantage, as every cow will be handled under exactly similar conditions. The "model dairy," which will be built on plans furnished by, and under the supervision of, the State Dairy and Food Commissioner, will be located on a steel island in the center of the canal. It will be built almost entirely of glass, and will be comparatively dustless. Bridges at either end will connect it with the mainland.

### FRUIT WILL COME FROM FAR WEST

Cincinnati, O.—(Special.)—Southern fruit growers are welcoming the opportunity of displaying their products for comparison with the fruits of the California horticulturists at the Ohio Valley Exposition, to be held in Cincinnati from August 29 to September 24. For some time the fruit growers of the South have been placing the choicest specimens of their groves and orchards in cold storage, with the result that as fine a collection of Florida fruits as ever was assembled will be ready for display when the Exposition opens. Now comes word from California that the Chamber of Commerce of Los Angeles will apply for 1,500 square feet of floor space on which to make an exhibit, which shall consist principally of fruits, attractively arranged, and which are grown in the territory

important industrial congress ever held in the Middle West.

In the Southeastern passenger association territory a rate of 4 cents per mile, plus 25 cents, for the round trip, which is equal to a rate of 2 cents per mile each way, is authorized, beginning Aug. 24 and continuing to Sept. 24, with the return limit at point of destination on Sept. 29. A further reduction to 3 cents a mile for the round trip, equaling 1½ cents per mile each way, plus 25 cents, is authorized on tickets to be sold daily during the time of the Exposition from all points beyond a radius beyond which rates on this basis would figure higher than \$5, the final limit on such tickets to be 10 days from and including date of sale. Also tickets to be sold at 3 cents per mile, plus 25 cents for the round trip, equaling 1½ cents per mile each way, plus 25 cents, daily during the period of the Exposition from points within a radius where rates on this basis would make \$5 or less, with final limit good to reach original starting points returning five days from, but not including date of sale.

In the Central Passenger association territory season tickets will be sold at the rate of 2 cents a mile each way, beginning Aug. 24, with return limit good to and including Sept. 30. From Louisville, Indianapolis, Columbus and points about equidistant, on other railroads, a rate of one and one-half fare for the round trip is established, tickets to be sold on Tuesdays and Fridays of each week during the Exposition, with return limit of three days, including date of sale. From territory beyond points above named, tickets will be sold at one and one-half fares from all points in the Central Passenger association territory on Wednesday of each week during the Exposition, with return limit of seven days, including date of sale.

## SUNDAY SCHOOL LESSON

AUGUST 14, 1910  
THE LABORERS IN THE VINEYARD Lesson:—Matt. 20: 1-16.

GOLDEN TEXT:—Many that are first shall be last, and the last shall be first.—Matt. 19:30.

## PRIMA DONNA IS AN AMERICAN

Miss Edna Showalter, coloratura soprano, who will alternate with Mme. Bernice de Pasquall in the title role of the Jones-Florida popular romantic opera, "Paoletta," during the run of the Ohio Valley Exposition at Cincinnati, Aug. 29 to Sept. 24.

SOUTHERN GRAIN AT  
THE BIG EXPOSITION

Agriculturists Alive to Its Great Opportunities.

Cincinnati, O.—(Special).—Southern agriculturists are alive to the opportunities which the Ohio Valley Exposition, to be held in this city from August 29 to September 14, is holding out to them. From all sections of Dixieland come reports of county fairs and other industrial projects at which are shown the products of various sections of the different states, and in every instance there is a decided desire on the part of the management of these enterprises to secure specimens of grains and other agricultural products to be submitted to the Committee on Southern Resources of the Ohio Valley Exposition, having in charge the assembling of exhibits for the big Southern display. Only a few days ago there were exhibited at the Statewide Immigration Convention at Jackson, Miss., some extraordinary samples of wheat and other grains grown in Covington county, Miss., and other sections of the state now devoted largely to the cultivation of grain. These samples came in the shape of threshed grain and also in the way of grain in the sheaf, giving an idea of the general growth of agricultural products. Immediately after the convention these samples were submitted to the Southern Resources Committee, which will have hundreds of these specimens from which to select the classiest samples for the Ohio Valley Exposition.

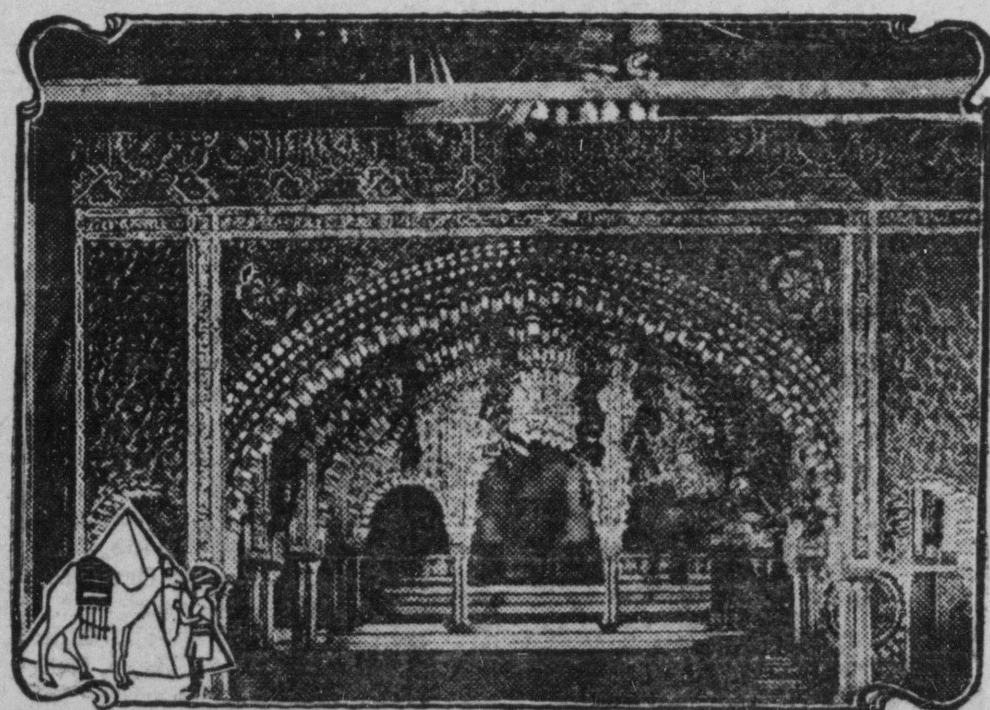

Yazoo county, Miss., is another section of that state which has been sending extraordinary example of grain crops to the various state conventions. Meanwhile, Ohio Valley farmers are slow to see the advantages of exhibiting their crops at the Exposition, a fact which will give additional prominence to the Southern exhibit.

MUSICAL FEATURES  
TO BE PROMINENT

Cincinnati's Big Exposition Will Cater to the Masses.

Cincinnati, O.—(Special).—Lovers of music, whether it be of the kind that has a leaning toward the classic or whether it be of the popular nature that is whistled on the streets or played on the street piano, will have the gratification of knowing that their appetites in this line will be gloriously satisfied at the Ohio Valley Exposition, which will be held in Cincinnati from Aug. 29 to Sept. 24. In the matter of romantic music, which will appeal to the lover of artistic harmony as well as to the seeker for melodies that strike favorably the untutored ear, the popular romantic opera "Paoletta," which will be given in connection with the Exposition, will offer all that can be desired, the score of this composition being unusually beautiful and not too heavy to miss the masses. Solos, duets, sextets and chorus numbers of rare beauty are part of the music of the piece, and as these will be in the hands of the leading American artists, music lovers of all classes will find a rare treat in the opera. The orchestral features of the production also will be a prominent portion of the opera, the leading musicians of Cincinnati and vicinity having been engaged to interpret the instrumental portion of the score. In the amusement section proper there will be two or more band stands located in the center of a rest section, where visitors may seek recreation after a tour of the buildings and be regaled with the latest selections in the popular as well as the classic field. The principal restaurant of the Exposition will have among its special attractions a European concert band, the leader of which is said to be outdo Sousa, Creator or any of the other famous leaders in the matter of gymnastics.

## ACT SETTING OF NEW OPERA

The above picture shows the stage setting of the magnificent fourth act of the popular romantic opera, "Paoletta," by Paul Jones and Pietro Florida, which will be produced on the opening night of the Ohio Valley Exposition, Monday, Aug. 29, at Music Hall, Cincinnati.

DID YOU BUY ANY  
OF THIS STOCK?It Seems There Has Been Quite  
a Run On It.

## UNCLE SAM TAKES HAND IN IT

Too Many Complaints Had Been Received by the Postoffice Authorities in Regard to Operations of One W. T. Wintemute in Gold Run Mining and Tunnel Company Stock, and Inspectors Took Charge of His Offices.

New York, Aug. 12.—Half a ton of mining literature and stock books lay on the first floor of the federal building as the immediate result of a trip taken by two postoffice inspectors and a couple of headquarters men to the six-room suite of offices of W. T. Wintemute, self-styled banker and broker, on the third floor of the Whitehall block. Wintemute spent the night at police headquarters, waiting until today for a chance to tell Commissioner Shield all about the half ton. Fraudulent use of the mails was the charge on which the postoffice men invaded the Whitehall block suite and stopped the two clerks and two stenographers from continuing their brokerage and banking business until their boss has a chance to tell whether the 700 persons who have written to the authorities were saying truly when they said that they had received nothing for their money. A Lady Tankerville of London appears as one of these, and closely bound up with her case is that of Miss Henrietta Elout of Glendale, Tunbridge Wells, England. These two the inspectors say are either mother and daughter or aunt and niece, and they add that between them they lost a good round \$50,000 through their dealing in Wintemute's latest and apparently most paying proposition, the Gold Run Mining and Tunnel company of Boulder, Col.

One reason the inspectors hurried matters just a little was that word came of Wintemute's scurrying around lately to raise some money on account of a projected trip to Europe. The report added that he was not likely to come back. The inspectors have not had time to total up the amount of stock that he has sold. They know that he had been using the mails pretty freely. One man, John A. Collicott of Boston, whose case is to be the basis for the prosecution of Wintemute, has turned over 216 letters and circulars which he has received, and he told the inspectors that a lot more had come but had been mislaid. This man, said an inspector, is only one of 12,000 who are known to have been on Wintemute's mailing lists. Ministers and doctors were his most paying veins. The postoffice people do not make any charges against the Gold Run company. They say that an investigation has shown that Wintemute arranged with the concern to be its eastern selling agent in 1906. This information is that one of its officers was working with Wintemute and the company itself has not been able to get an accounting for the past year. Altogether the inspectors say that Wintemute has sold more than \$1,300,000 of Gold Run stock and that he has sent to Colorado about \$30,000. The company was to get 5 cents a share, they declare, and Wintemute began selling it at 25 cents. Later he found that it was going easily, and he jumped the price up to par, at which he has sold most of it.

## SELF STARVATION

Mrs. Wardlaw, Held In Snead Case, Prefers Death to Detention.

New York, Aug. 12.—Virginia Wardlaw died yesterday afternoon at the house of detention in Newark. She was one of three sisters, all over sixty, indicted for the murder of Mrs. Okey Wardlaw Martin Snead, her niece, who was found dead in a bathtub on Nov. 20 of last year. The elderly woman had been successful in concealing the prison fare supplied her and succumbed to weakness due to self-enforced starvation. The opinion is expressed that with her demise the case against her sisters will fall.

## The Perils of the Air.

Berlin, Aug. 12.—Oscar Helm, a German aviator, who was competing in the flying contests at Johanneisthal, fell a distance of 250 feet and was so badly injured that he is expected to die. The machine turned completely over four times in its descent.

## WEATHER EVERYWHERE.

Observations of United States weather bureaus taken at 8 p. m. yesterday follow:

	Temp.	Weather.
New York.....	76	Clear
Albany.....	70	Clear
Atlantic City..	72	Clear

Buffalo.....	68	Clear
Indianapolis...	78	Clear
Chicago.....	74	Clear
St. Louis.....	76	Clear
New Orleans...	86	Cloudy
Washington...	76	Cloudy
Philadelphia...	80	Clear

Fair, warmer; Saturday fair.

## FACTORS IN TRAGEDY

Mayor Gaynor, Acting Mayor Mitchel, and Gallagher.

Photos by American Press Association.

JERSEY JUSTICE HAS  
THE BRAKES APPLIEDThere Will Be No Undue Haste  
In Gallagher's Case.

New York Aug. 12.—Mayor Gaynor, the victim of a would-be assassin's bullet, is cheerful, stronger, and resting comfortably at St. Mary's hospital. A radiographic examination shows definitely that the bullet is lodged in the vault of the pharynx. It is easily accessible, but the doctors do not consider it wise to attempt its removal at present. The doctors also say the mayor's temperature, respiration and pulse remain satisfactory.

Justice Swayze of the supreme court of New Jersey, has put the brake on a too speedy exemplification of "Jersey justice" in the case of James J. Gallagher, who is now in the Hudson county jail for the assault he committed on Mayor Gaynor. He summoned the grand jury before him and advised against the speedy finding of an indictment against Gallagher on the charge of assault with intent to kill. He informed the jurors that if they rushed through an indictment against Gallagher now on that charge or one similar to it predicated on Mayor Gaynor's recovery, they would be interdicted from indicting the wretchman on a murder charge if the mayor should die from the gunshot wound he received Tuesday. Justice Swayze advised that for the present the grand jury should take no action at all.

## Now Sitting at Sulphur.

Sulphur, Okla., Aug. 12.—The congressional committee investigating Senator Gore's charge of attempted bribery concluded its work at McAlester yesterday and resumed its sessions here this morning. Much interest had been taken in the investigation, and it is the consensus of opinion that most everything has been given in evidence except that going to show that Senator Gore was offered a bribe at the instigation of J. F. McMurray.

Wheat at Toledo.  
Sept., \$1.03; Dec., \$1.06½; cash, \$1.02½.

PEACE PROPOSALS  
FROM NICARAGUAMadrizists Ready to End Long  
Dissension.

Washington, Aug. 12.—Modesto Barrios and Sebastian Salinas, special envoys to the United States from the Madriz faction in Nicaragua, appeared at the state department seeking peace between the United States and the de facto government they represent. Their credentials were accepted and they were given an audience with Acting Secretary of State Wilson today. The envoys come with authority from Madriz to negotiate for the establishment of peace and a constitutional and stable government in Nicaragua. While both envoys declined to state whether the letters they presented contained any peace proposals, it is known that they have been authorized to make arrangements with Washington for the adjustment of political troubles in Nicaragua on a basis honorable to all the parties in interest. It is understood that Madriz is willing to submit the question of the presidency to a free and fair election by the people with himself and Estrada eliminated as candidates. There is authority for the statement that Madriz is prepared to agree to any reasonable plan for restoration of peace and order.

## Hoosier Poet Seriously Ill.

Indianapolis, Aug. 12.—James Whitcomb Riley, the Hoosier poet, is seriously ill at his home in this city. He is said to be suffering from a mild form of paralysis.

CURES ECZEMA,  
ACNE, TETTER, ETC.

Eczema, Acne, Tetters, Salt Rheum, etc., are simply the ulceration of skin tissues, caused by humors and acids in the blood. The circulation has become infected with impurities which are being constantly deposited into the pores and glands of the cuticle, and a continual state of inflammation and irritation is thus kept up. Just as long as these humors and acids remain in the circulation the skin affection will continue. The trouble may be temporarily soothed and covered over with external applications, but such treatment does not make the blood any purer, and can therefore be of no permanent benefit. To cure any skin disease it is necessary to purify the blood—remove the cause. S. S. S. Cures Eczema, Acne, Tetters, Salt Rheum, pimples, eruptions, etc., because it is the greatest of all blood purifiers. It goes into the circulation and drives out every humor, acid or impurity. It cools the feverish blood and allows it to furnish the skin with healthy nourishment, instead of fiery, acid deposits. S. S. S. is purely vegetable, mild and pleasant in its action, it does not cure skin disease by forcing all the impurity to the surface, but stimulates the excretory members to carry it off through the natural avenues. If you have any skin affection you can not do better than purify your blood with S. S. S. It will assist nature in quickly restoring the smooth, even texture of the cuticle, and the cure will be permanent and lasting. Book on Skin Diseases free to all who write.

## PERSONAL.

George Winkenhofer was in Scotts-  
burg this afternoon.

Mrs. J. H. Matlock is spending sev-  
eral days at Trinity Springs.

William Welsh made a business trip  
to Brownstown this morning.

J. A. Cox, of Crothersville, made a  
business trip here this afternoon.

Capt. D. B. Vance, of Brownstown,  
came to Seymour on business this  
morning.

Miss May Jackson returned home  
this morning from a visit in Osgood  
and Holton.

Miss Ella Cribb, of Indianapolis,  
returned home today, after a visit  
at Brownstown.

Melvin Nichols and family have re-  
turned to Kokomo, after a visit at J.  
H. Hahn's at Reddington.

Mrs. Ellen Hassenzahl, Miss Eliza-  
beth Hassenzahl and Mrs. Keifer have  
gone to Commiskey to visit.

## Butter by Mail.

Thousands of families in German  
cities receive their daily pat of fresh  
butter from the parcels postman.

## History of Cotton.

Prior to the middle of the eighteenth  
century cotton, so far as modern time  
is concerned, was practically unknown.  
It was grown only in the flower gar-  
den. When eight bags of the staple  
arrived in Liverpool in 1784 the cus-  
tom house officers seized it on the  
ground that so much could not have  
been raised in America. In 1787 our  
first cotton mill was set in motion at  
Beverly, Mass. In 1793 Whitney in-  
vented the cotton gin, which rendered  
cotton raising profitable, and it soon  
became the leading crop of the south.  
The southern United States produces  
most of the cotton of the world and  
will in all probability continue for all  
time to hold a monopoly of the staple.  
New York American.

## West Point Gray.

The origin of the gray uniforms  
worn by the cadets at West Point  
dates back to the war of 1812-14, when  
the commissary general of the army  
could not procure the blue cloth re-  
quired for General Winfield Scott's  
brigade, and so they were clad in gray.  
So distinguished was the conduct of  
that brigade at Lundy's Lane and Chip-  
ewa that when, after the war of 1812,  
a reorganization of West Point Mil-  
itary academy was made, out of com-  
pliment to General Scott and his bri-  
gade the uniform of the corps of ca-  
dets was changed from blue to gray.

# ATTENTION

## LADIES ATTENTION

WE are pleased to announce to you that on  
Monday, August 15th, we will open a  
Ladies' Misses' and Children's Ready-to-  
Wear Department—the product of the famous  
Brandt & Lear Co., of Cincinnati:

Please come and see this fashion show of  
styles and fabrics. You will be surprised at the  
low prices for high quality of ready-to-wear gar-  
ments. Please make no arrangements for your  
fall garments until you have visited our place.  
We guarantee first class fit and will make any  
alterations necessary to insure a perfect fit.

## The SEYMOUR TAILORS

Southwest Corner Third and Chesnut Streets, Seymour Indiana.

## GREAT SHOW OF STOCK

Rich Quality of Beef and Dairy  
Cattle at State Fair.

Both visitors and exhibitors will  
when they get to the Indiana State  
Fair the week of Sept. 12, find that the  
exposition has undergone a general im-  
provement and that the quality of the  
livestock is higher than ever. This  
has been brought about by a thorough  
revision of the premium list in which  
some classes were eliminated and the  
premiums on those retained increased.  
In the livestock classes the prizes have  
been marked up to a total of \$34,346,  
divided as follows: Show horses, \$14,-  
875; beef cattle, \$9,744; dairy cattle,  
\$3,785; sheep, \$3,627; swine, \$2,315.  
The sum of \$2,465 is offered in the  
Hereford cattle classes, \$2,319 on  
Shorthorns, \$1,534 on Polled Durhams,  
and \$2,534 on Aberdeen Angus.

In the beef cattle classes there are  
many special prizes offered by breed-  
ers' associations, and silver cups are  
offered by individuals, in addition to  
the premiums given by the State Board  
of Agriculture. The beef cattle will  
compete for prizes each day in the  
coliseum. The grand championship  
in the beef classes will be awarded on  
Thursday, and there is always sharp  
competition for this, one of the high-  
est honors to be won at the fair. An-  
other that will be as spirited will be  
for pure-bred heifers, the trophy of-  
fered being a handsome silver cup.

The show of dairy cattle always has  
its crowds of admirers. A feature of  
the dairy division will be a forty-eight-  
hour dairy test for registered Jersey  
cows, the contest to be under the su-  
pervision of Purdue University. The  
milking is to be done on the fair  
grounds, where the milk will also be  
tested. The prizes have been contrib-  
uted by the American and Indiana Jer-  
sey Cattle Clubs and by Indiana in-  
dividuals, and the total for the milking  
test is \$450.

## CHILDREN'S BIG DAY

Fine Features for Them at  
Indiana State Fair.

The school children of Indiana be-  
tween the ages of seven and twelve  
years are to receive unusual considera-  
tion at the coming State Fair. As in  
other years, they will, on Tuesday,  
Sept. 13, be admitted to the big expo-  
sition without charge and they will have  
free run of the grounds and all it con-  
tains. The fair management has al-  
ways held out extra inducements to  
the youngsters to attend, and has  
found that the boys and girls who on  
yesterday tasted of the exposition's  
enjoyment, are today and tomorrow  
the adult patrons of the enterprise.  
Children find every part of the fair  
and all of its popular features of en-  
tertainment strongly to their liking,  
and it is common on their special day  
for 20,000 or more of them to see the  
exposition, and there is little that es-  
capes their eager eyes.

The big show for children at the  
coming fair will be given in the colise-  
um. It will be a pony show—the rich-  
est of its kind the fair has ever offered  
its juvenile friends. Arrangements  
for the pony show began months ago.  
There will be scores of these animals  
in the arena—every pony bred in the  
purple. They will be hitched to carts  
and other vehicles, and some will be  
under saddle when they contest for  
prize ribbons.

Also to the liking of the children  
will be the special programs given by  
100 ponies belonging to different breed-  
ers who have agreed to send their  
choicest Shetlands to the fair and will  
unite their herds for the special pro-  
gram. It will open with a parade and  
will include all sorts of "wild west"  
and trick riding and Ben Hur chariot  
races. Children who trained the po-  
nies will put the animals through their  
tricks and paces at the fair, and bron-  
cho busting, high school and other  
fancy gaita will be particularly pleas-  
ing to the children.

## Experts as State Fair Judges.

In the earlier years of the Indiana  
State Fair a common method of ob-  
taining judges was to pick them up as  
they could be found at the exposition,  
but at the coming fair a well-organized  
force of judges will tie the ribbons on  
the prize winners. The list is made  
up of men who are widely known as  
experts in their special lines. The  
judge of draft horses will be Prof. W.  
L. Carlyle of Moscow, Idaho; coach,  
M. A. McDonald, West Lebanon, Ind.;  
heavy harness, Hon. C. W. Barnum,  
of Connecticut; show horses, T. W.  
Bell, Chicago; saddle horses, James L.  
Gay, Pisgah, Ky.; beef cattle, I. M.  
Forbes, Henry, Ill.; and John G. Im-  
boden, Decatur, Ill.; dairy cattle, Prof.  
C. S. Plumb, Columbus, O.; sheep,  
George Allen, Lexington, Neb.; Hal  
Woodford, Paris, Ky.; U. C. Brouse,  
Kendallville, and Uriah Privett,  
Greensburg, Ind.; swine, J. S. Hender-  
son, Kenton, Tenn.; Carl Scott, Salem,  
Ind.; Hugh Atkinson, Mt. Sterling,  
Ky.; F. U. Campbell, Tipton, Ind.;  
Thomas Vinnedge, Hope, Ind.; poultry,  
O. L. McCord, Danville, Ill.; W. W.  
Zike, Morristown, Ind. L. J. Dember-  
ger, Stewartsville, Ind. The presiding  
judge of the races will be Frank E.  
Stone of Burlington, Wis., regarded as  
one of the most competent starters in  
the country. The great quantity of ex-  
hibits will give the judges a busy week.

# COOK WITH GAS

There never was a divorce between a woman and a  
GAS RANGE. There never will be. Don't let the  
heat regulate you. You regulate the heat when you

Use a Gas Range.
